

HiSpace Air.

Elevate your workspace

An innovative solution for the modern workspace, *HiSpace Air* allows you to change your working position at the touch of a button.

The electric height adjustable desk frame gives the option of sitting or standing, while powerful motors ensure long lasting performance. Offering a world of health benefits, *HiSpace Air* promotes increased energy levels, relieves fatigue & boosts productivity.

Innovative design

With its innovative sit-to-stand design, **HiSpace Air** helps you to reach new heights of health and productivity.

With outstanding performance from powerful electric motors and a durable steel frame, the **HiSpace Air** system will give you the ability to work healthier and smarter. The adjustable frame design allows for versatility in top size, making it suitable for any workspace.

Digital handset

Stay in control of your working height with a responsive 3 position memory handset, featuring digital display.

Preset your ideal heights and change up your working position at the touch of a button. **HiSpace Air** puts you in control, with all the functions you need at your fingertips.

10 year warranty

All **HiSpace Air** frames are backed by a 10-year commercial warranty (5 year motor), with the strength and durability of a solid steel frame.

Each product is delivered with a comprehensive care guide and instruction manual to ensure you make the most of your new product.
